The track is open almost every weekend for practice and every two weeks for racing.

RACE DIRECTORS

Tim press is large scale rep, organiser & secretary.

CANTEEN AND TOILETS

We are lucky to have a full canteen and proper brick built Ladies and Gents toilets, please keep them clean for the next person that come in. I fully bleach them every morning.

Access to the site is on race days and practice days only.

Your BRCA insurance only covers you for official use of the track on race days and practice on BRCA affiliated track only, not fields or the car parks.

Sometimes the gates are left open by other site users; this does not mean the track is open. The track is only open for racing and practice when there is a club rep that has opened up in race control.

Many Thanks
Peter Murray. Club Chairman
